

Parallel Park

1. Where should you position your vehicle to start the manoeuvre?
2. Why is it important to put your vehicle into reverse gear as soon as possible?
3. At what point should you start steering to the left?
4. Why is it particularly important to look up and down the road at this point?
5. Where should your vehicle be positioned at the end of this manoeuvre?
6. What should you do if another vehicle pulls up too close behind you while you are waiting to park?
7. If you adjust the mirrors to help you see the kerb, what MUST you do when you have completed the manoeuvre?
