

## Turn in the Road

1. The acronym SCALP can help your choice when selecting a suitable place for a turn in the road, what do these letters stand for?
2. Name 4 places that would NOT be suitable for doing a turn in the road.
3. At what speed should this manoeuvre be carried out?
4. Why should you not steer using 'dry' steering?
5. Why is it important to straighten the steering just before reaching the opposite side kerb?
6. Where should you be looking when driving in reverse?
7. Why is it necessary to use the handbrake at the end of each 'leg'?
8. How should you deal with any approaching traffic?
9. The key to a good manoeuvre is :-  
Slow \_\_\_\_\_, Brisk \_\_\_\_\_, Good \_\_\_\_\_.
